Fruit flavored syrups

A fresh approach

Sweetbird fruit syrups are bursting with good stuff. They're made from top quality ingredients, real fruit juice and natural flavors. We don't put in all those little nasties that other people use – there are no artificial flavours, artificial colors or GMOs here, and they're suitable for vegetarians and vegans too.

So now you know how darn good they are you can start thinking about all the good things you can do with them.

A sparkling Italian soda. An ice-cold granita. A milkshake frothing with fruitiness, but not artificial colors.

With Sweetbird fruit syrups the sky's the limit. You can freshen up your drinks menu in a thousand different ways, giving your customers new seasonal recipes, regular innovations and special promotions. Invent your own or try a recipe on our website. Experiment and attract a new market (because today's kids are tomorrow's customers).
